Nog är den klotrunde Otto världens ensammaste palindrom, men det gör inte så mycket, för hans finurliga tillvaro är så rik på upplevelser, att han nog klarar sig bra ändå!

Otto är Danmarks mest internationellt utbredda tecknade serie och visas regelbundet i en rad tidningar i Europa, från Slovenien till Holland. År 2004 vann Otto tredje pris i kategorin tecknade serier i samband med Arctic Comics Festival i den finska staden Kemi.
